Sunjel™ Premium: Sunjel™ Premium is certified by Environment Canada with the EcoLogo as a 'Green Product' and ULC approved when used in an InFlame Sunjel™ Fireplace. It is an 'Ethanol Alcohol' gel that produces a 'Real Crackling Fire' and is a safe alternative to burning wood or manufactured logs. Each bottle offers a burn time of up to 6 hours. Sunjel™ Premium is the only alcohol gel in Canada that is Certified by Environment Canada for un-vented fireplace use.

Item #1112-12E: Sunjel™ Premium (shown in picture)

Price includes: Case pack – 12, 890ml. Refill Bottles

Sunjel™ Premium

IN FLAME FIREPLACES INC.

15" Log & Grate Insert

15" Log & Grate Insert: This compact Log & Grate Insert is designed to fit into existing functional or non-functional wood burning fireplaces. There is no need for an expensive gas insert or chimney repairs. Simply place the Log & Grate Insert into your existing fireplace, light the Sunjel™ Premium and sit back and enjoy a 'Real Crackling Fire', it's that simple.

Dimensions: 12"H x 16"W x 13"D

Weight: 30 lbs.

Item: 1103-15

Max Output: 9000 BTU's/hr.

Price includes: Three premium 'cedar' ceramic logs, steel grate, fuel holder box with convenient manual slide safety shut-off, decorative knob. *Easy assembly*

18" Log & Grate Insert

18" Log & Grate Insert: This standard Log & Grate Insert will fit most medium sized fireplaces specifically if the fireplace tapers towards the rear of the firebox. There is no need for an expensive gas insert or chimney repairs. Simply place the Log & Grate Insert into your existing fireplace, light the Sunjel™ Premium and experience a 'Real Crackling Fire' once again.
